Essentials Health and Safety

8 Courses-

- **Introduction to Health and Safety**
- **Slips, Trips and Falls**
- **Manual Handling**
- **Display Screen Equipment**
- **Electricity**
- **Fire**
- **First Aid**
- **Dangerous Substances**

Customisable! These courses have fully customisable content. We can make the courses even more relevant to your employees by adding your own branding, organisation specific questions and case studies.

These 8 courses are suitable for all staff and will enable them to understand the importance of Health and Safety in the workplace.

Staff will be introduced to the Health and Safety at Work Act. They will be able to apply basic health and safety principals to the work environment and identify and resolve common health and safety problems.

The courses are entirely browser-based for easy integration into standard networks and are suitable for delivery via an intranet, the internet, a Virtual Learning Environment (VLE) or Learning Management System (LMS).

Each course is around 1 hour duration and includes a test and printable course notes.
